

Patient Focus

Our team focuses on your health:

- **Case managers:** Assist patients and their families with health education to make good decisions and health monitoring; directs patients to services needed.
- **New patient coordinators:** Provide assistance to enroll at health center and choose a provider.
- **PCMH care team:** Patients are assigned to their doctor and a care team.

A click away

Our online patient portal, *My Health Gateway*, allows you to contact your health team, via a secure message system, see appointments, get reminders and even check test results.

Thank you for choosing Western Sierra Medical Clinic.

Becoming a new patient is easy:

- Meet a new patient coordinator

Who We Serve

Western Sierra treats newborns to seniors:

0-17 years of age: 29%

18-39: 26%

40-64: 31%

65 and older: 14%

Who We Are, What We Do

Western Sierra Medical Clinic is a family of community health centers, providing a wide range of care to more than 20,000 residents in Nevada, Sierra and Yuba counties.

The nonprofit offers comprehensive health care and continues to expand its services and specialists. Western Sierra offers quality health care to patients of all income levels, regardless of their ability to pay.

Services

Medical

Receive first-rate care from a team that monitors and assists in the health and well-being of patients. Services include primary care, maternity (including OB/GYN), women's services, pediatrics and case management.

Urgent Care

The center's Urgent Care service provides no appointment, same-day care for non-emergency treatment of minor injuries and illnesses. Western Sierra patients and non-patients can use the service.

Dental

Complete dental health services, especially children's dentistry. Services include preventive care, repair, emergency and pediatric sedation.

Behavioral Health

On-site counselors offer understanding and professional support for those experiencing behavioral health conditions or life circumstances.

Maternity

Our patients receive exceptional prenatal care at the center, including nutritional coaching, psychosocial services and health education in order to promote positive pregnancies and healthy beginnings for their babies.

Pharmacy and lab work

Our on-site pharmacy saves patients time when filling prescriptions at the health center in Grass Valley. In addition, Dignity Health has an on-site lab draw station at the Grass Valley center. Western Sierra participates in the 340B discount pharmaceutical program and also offers discounted lab work for patients who qualify.

Patient-centered medical home

An innovative, team-based approach to health care with the patient as the central focus. Your practitioner, nurse, medical assistant, referral coordinator and support team will manage your care together.

New services

Western Sierra Medical Clinic is always looking to expand services, including more specialists. Please ask our staff for new and/or future services available.

Community Outreach

Education – Free educational programs and workshops to help patients live healthier lives, including:

- Chronic disease self-management
- Diabetes education
- Weight-loss support

And we're always developing new wellness programs to educate patients.

Affordable Health Care

Western Sierra Medical Clinic accepts Medi-Cal and Medicare, and most commercial insurance plans.
