

Patient Focus

Our team focuses on your health:

- Assist patients and their families to make good health decisions, manage their treatment and connect with appropriate services.
- New patient intake coordinators: Provide assistance to enroll at health centers and choose a provider.
- PCMH care team: Patients are assigned to their care team.

A click away

Our online patient portal, *My Health Gateway*, allows you to contact your health team via a secure message system, see appointments, get reminders and even check test results.

“This health center receives HHS funding and has Federal Public Health Service (PHS) deemed status with respect to certain health or health-related claims, including medical malpractice claims, for itself and its covered individuals.”

0-17 years of age: 29%

18-39: 27%

40-64: 30%

65 and older: 14%

Who We Are, What We Do

Western Sierra Medical Clinic is a family of community health centers, providing a wide range of care to nearly 25,000 residents in Nevada, Placer, Sierra and Yuba counties.

The nonprofit offers comprehensive health care and continues to expand its services and specialists. Western Sierra offers quality health care to patients of all income levels, regardless of their ability to pay.

Services

Medical

Receive first-rate care from a team that monitors and assists in the health and well-being of patients. Services include primary care, maternity (including OB/GYN), women's services, pediatrics and case management.

Urgent Care

The center's Urgent Care service provides no appointment, same-day care for non-emergency treatment of minor injuries and illnesses. Western Sierra patients and non-patients can use the service.

Dental

Complete dental health services, especially children's dentistry. Services include preventive care, repair, emergency and pediatric sedation.

Behavioral Health

Counselors offer understanding and professional support for those experiencing behavioral health conditions or life circumstances.

Maternity

Our patients receive exceptional prenatal care at the center, including nutritional coaching, psychosocial services and health education in order to promote positive pregnancies and healthy beginnings for their babies.

Pharmacy and Lab Work

Our on-site pharmacy saves patients time when filling prescriptions at the health center in Grass Valley. An on-site lab draw station is located at the Grass Valley center and services are available at our other locations. Western Sierra offers discounted prescription drug and lab work for patients who qualify.

Patient-centered Medical Home

An innovative, team-based approach to health care with the patient as the central focus. Your practitioner, nurse, medical assistant, referral coordinator and support team will manage your care together.

Specialty Services

Western Sierra Medical Clinic offers Podiatry and Chiropractic services, in addition to our first-class Medication Assisted Treatment and Pain Management programs. Please ask our staff for an appointment.

Affordable Health Care

Western Sierra Medical Clinic accepts Medi-Cal and Medicare, and most insurance plans.

Our Approach to your Health Care

Our caring, well-trained medical staff are dedicated to keeping you healthy, with a focus on wellness care and chronic disease management. Western Sierra also provides Urgent Care services for unexpected medical issues.
